

## HUNT POISON DRINK

Federal Agents Search New York for Liquor

## PLAN BIG CELEBRATION

Hotel and Restaurant Men of Metropolitan Predict Biggest New Year's Eve Celebration in City's History

NEW YORK, Dec. 30.—Two score federal agents were sent tonight on a hunt thru greater New York and the other sections of this internal revenue district for poison liquor. Manufacturers of perfumes, hair tonics, flavoring extracts and furniture polish were investigated to nail down non-beverage alcohol, in an effort to prevent recurrence of Christmas wood alcohol tragedies.

Hotel and restaurant men tonight predicted the biggest New Year's Eve celebration ever witnessed in this city, and private stock whiskey, brandy, rum and wine openly were announced as welcome for 1920, despite the dry law.

High prices are being paid for tables on the Great White Way. More deaths were reported today, also in far less volume than the day after Christmas indicated. Wood alcohol drunks continued their toll. Additional arrests were predicted. Chemical analysis of the brains of five men who died after drinking illicit liquor, showed today, wood alcohol was the cause.

Louis DiVito, Joseph G. Iuseppi and Nitele Cello, arrested last night when officers discovered 1,500 gallons of wine on their premises, were arraigned in court today charged with violation of the war time prohibition act and held in \$500 bail each for hearings January 7.

**Held on Manslaughter Charge.** Chicago, Dec. 30.—Matthew Zimmerman, a druggist, was recommended held on a manslaughter charge today by a coroner's jury investigating the death of three men, resulting from drinking of wood alcohol.

Mrs. Ralph Mitwe, widow of a saloon keeper, an alleged victim, testified she bought alcohol from Zimmerman, not knowing it was poison, and specified it was to be used for beverage purposes. The alleged poison was mixed with other liquor.

**Report Fourteenth Death.** Chicago, Dec. 30.—The fourteenth death has since Christmas from the effects of drinking wood alcohol was reported to police today. The victim had been unconscious since Christmas eve.

City officials, who today began an investigation of the wave of "blind deaths" declared federal legislation will be necessary.

**Will Recommend Legislation.** Washington, Dec. 30.—Legislation subjecting manufacture and sale of wood alcohol to the same restrictions as grain alcohol will be recommended to congress as a result of the many fatalities from use of wood alcohol as a beverage, Commissioner Roper of the bureau of internal revenue announced tonight. The legislation form has not been decided definitely. It is understood however that officials have in mind the placing of a heavy tax on manufacture and sale of wood alcohol and requiring of permits for all persons engaged in the traffic. This would provide the government a definite record of the movement of wood alcohol and would make possible immediate action by the authorities in case of violation. Officials said it had become obvious that weaknesses in the prohibition amendment as well as the internal revenue laws must be remedied insofar as wood alcohol is concerned. Federal authorities under existing law it was said, apparently are without one legal thread upon which to proceed against persons trafficking in the poison.

"It is obvious," said Commissioner Roper, "that wood alcohol is in no sense a liquor or beverage as described in either the prohibition amendment or the internal revenue laws, nor can it be considered a narcotic under provisions of the Harrison Narcotic law. It is well known to be a deadly poison and should be regarded and treated as such."

"The department of agriculture's bureau of chemistry, entrusted with enforcement of the pure food and drug act, also has informed Commissioner Roper that it has no effective control over the distribution of wood alcohol."

## COMPLETE TRAINING

Pasadena, Calif., Dec. 30.—Harvard football squad today completed heavy training. One light scrimmage tomorrow and then no more football for the crimson players until the referee's whistle sounds the signal New Year's for the opening of the tournament, is the order.

Stiff workouts were held following which Head Coach Robert Fisher announced his men were fit and ready for the Oregonians who will represent the West against the traditional strength of the east.

Oregon, as usual, held one practice today. Another light workout is scheduled for tomorrow, after which they, too, will call on training.

## GOT "PROHIBITION AND THE FLU"

CHICAGO, Dec. 30.—Chicago socialists tonight attended a reception to Victor L. Berger, of Milwaukee, denied his seat in congress but recently re-elected. The meeting was arranged by national officers of the socialist party. Mr. Berger asserted as reason for his vindication. "What did we get out of the war?" he asked at one point. "Prohibition and the 'flu' shouted a voice.

Berger said "President Wilson only repeated in September, 1919, what I said in 1917, that the war was a capitalists' war. Judge Landis gave me twenty years for it."

## PAYS TRIBUTE TO SPORT OF BOXING

Speaker Asserts Educational Features of Boxing Were Used as Aids in Training Soldiers.

New York, Dec. 30.—A tribute to the sport of boxing was paid by Lieut. Col. Palmer E. Pierce, U. S. A., president of the National Collegiate Athletic Association, who today told delegates to organizations annual convention that the educational features of boxing were used extensively as aids in the training of American soldiers.

"It is," he said, "a manly sport whose educational value has not been fully made use of by our colleges and is recommended to your serious consideration during the coming year."

Efforts by colleges of the middle-west to prevent professional football teams from obtaining college players were reviewed by Prof. Thomas E. French, of Ohio State University. Expressing opposition to outside bodies adding college athletes to boost a town or section, Prof. C. C. Williams, of the University of Kansas, charged such help was often harmful.

E. K. Hall, chairman of the football committee, stated that football rules have been standardized to such an extent that probably only changes of minor importance would be made in the near future. He recommended that no fundamental changes in rules should be attempted.

## PEACE TALK REACHES MORE FORMAL STAGE

WASHINGTON, Dec. 30.—Peace treaty compromise talk reached a more formal stage today when Senator McNary of Oregon a leader of the mild reservation Republicans discussed compromise suggestions with Senator Hitchcock of Nebraska, acting Democratic leader. It was said that altho no definite agreement resulted the conversation took a hopeful turn. Afterward both senators seemed confident that a middle ground could be found that would insure ratification.

Modification of the reservations approved by the senate majority so that affirmative acceptance by the other powers would not be required is the principal subject considered. A new proposal which would declare the reservations effective unless other nations objected within a limited time is said to have been outlined.

The reservations in the majority program dealing with article ten Shantung and voting power in the league of nations it was said also were discussed. During the day Senator Hitchcock a number of other senators and Senator Swanson, of Virginia, a Democrat of the foreign relations committee was present during a part of the talk with Senator McNary. Later Mr. McNary conferred with several Republicans.

## OFFICER DID NOT COMPLY WITH ORDERS

Detroit, Mich., Dec. 30.—That Lieut. B. T. Reamy, chairman of the Detroit Salvage Board of the Detroit ordinance district, had not complied with orders from Washington in accepting bids on army salvage was admitted by Lieut. Col. Dwight Shurtliff, who testified today at the trial of six men charged with conspiracy to defraud the government.

"Colonel Shurtliff is chairman of the salvage board," Lieut. Reamy had no authority, he said, to accept bids from Grant Hugh Browne of New York, a defendant, or any other bidder on sales of more than \$100,000. According to the charges, Browne's bids involved more than \$300,000 worth of salvage.

The defense contends that no crime was committed because the ordinance officers involved had no authority to sell the material.

## PROFIT SHARING PLAN

Detroit, Mich., Dec. 30.—A new profit-sharing plan, it was learned tonight will be announced tomorrow by the Ford Motor Company. Details were withheld, but it is understood that it contemplates extending to employees the privilege of investing earnings in Ford interests. A bonus distribution also is contemplated.

## REFUSE TO TESTIFY

Widow and Cousin of J. Stanley Brown are Silent

## ARREST CECIL VESTER

Battle Creek Woman for Whom a Warrant Has Been Issued Charging Murder is in Custody of Police

MT. CLEMENS, Mich., Dec. 30.—Mrs. Ruth Prevost Brown, widow of J. Stanley Brown, who was shot to death in his automobile near here a week ago, refused to testify at the inquest which opened tonight. Lloyd Prevost, her cousin and a close friend to the slain man, also claimed constitutional immunity and the two witnesses upon whom Prosecutor Lynn Johnston had counted to give important information, were excused.

Mrs. Brown and Prevost had been detained as material witnesses, but were released yesterday.

Several physicians who performed a post mortem upon Brown's body, gave testimony and agreed that the shots were fired from within the automobile, more than six inches from the head.

The inquest was adjourned until Friday.

In the meantime officials expect to have in custody here Cecil Beatrice Vester, for whom a warrant has been issued charging murder. The woman, said to have been a friend of Brown's, was reported to have left Kalamazoo in custody of a deputy sheriff early today but had not arrived here tonight.

**Discover Messages.** A search of telegraph company files revealed two messages that the officers consider of some importance. One dated last Monday, addressed to Lloyd Prevost, and signed "D. Bennett" said: "Wire fare at once. Will come tomorrow."

This telegram, Chief of Police Allan Straight declared bears out the statement made by Miss Gladys Summit yesterday, that Beatrice Vester left Battle Creek on Tuesday for Mount Clemens.

Another telegram sent to Prevost and signed "D. Bennett," the officer said he considered conclusive evidence that Mrs. Dolly Bennett, released yesterday after being questioned, was not in Mt. Clemens on Tuesday night when Brown was slain. The second telegram said that the sender would be in Mt. Clemens at noon Wednesday.

## Reporters Find Woman.

Chicago, Dec. 30.—Cecil Beatrice Vester, charged in a warrant with the murder of J. Stanley Brown, will probably be turned over to the Michigan police tomorrow. It was announced tonight by the Chicago-Herald-Examiner, whose reporters found her.

"The girl is neither at Kalamazoo, Battle Creek nor Mt. Clemens," the paper said. "She is housed with her grandmother not far from Detroit, awaiting the check up on her original statement." The newspaper said the girl "had made admissions which in the interests of justice cannot be made public at this time." The paper added:

"A point on which Cecil Vester will be closely questioned and her possessions examined, is the ownership of a pair of women's shoes and a colored feather found in the shoes and her hats which will be examined to see whether the feather came from any of them."

The paper says the girl sticks to the denial that she shot Brown. It quotes her as saying that every day from December 15 until last Saturday she was in Battle Creek at a rooming house at 185 Main street.

## WILL BE SENT TO NEW YORK FOR BURIAL

Washington, Dec. 30.—Although funeral arrangements are incomplete, announcement has been made that the body of Major-General Thomas H. Barry, who died at the Walter Reed Hospital here early today, would be sent to New York for burial. Major Barry died after an illness of three weeks, uraemic poisoning being the direct cause.

Major Barry, who was former commander of the central department and the department of the east, organized and trained the 86th army division at Camp Grant, Rockford, Illinois. He was retired October 13 when he was commander of the central department, with headquarters at Chicago. He was 64 years old.

## IS NOT INVITED TO CALL FIRST MEETING

Washington, Dec. 30.—President Wilson has not been invited to call the first meeting of the council of the league of nations after ratification of the peace treaty has been completed, state department officials said today.

There was a suggestion some time ago that the invitation be extended to him, but the question was not determined then. Some administration officials believe he would acquiesce in the request from the allied powers, but the United States will have no part in the meeting of the council because the senate has not ratified the treaty.

## SON OF DEAN OF CORNELL GIVEN PRISON SENTENCE

NEW YORK, DEC. 30.—Charged with violating his parole by forging checks and getting drunk Donald Hammond, 27 year old son of William Hammond, dean of Cornell University, was sentenced today to three and a half to seven years in state prison. He was placed on probation under a suspended sentence last August after he had pleaded guilty to forging a check for \$2,000.

Hammond's escapades since being placed on probation took him to Atlantic City, Main and New Hampshire. Finally, his friends virtually deported him to Canada in an effort to make him lose sight of his crime. He did not stay long however and he went to Boston, where he stole \$15,000 worth of bonds, pleading guilty in the name of an alleged murderer and succeeded in obtaining a suspended sentence under that name.

Hammond has a long war record, having served with the Canadian army and the Royal Air Force. He was wounded twice.

## FAVOR CONTROL OF RAILROAD ISSUES

American Bankers Association Also Want Early Return of Roads to Private Ownership.

Chicago, Dec. 30.—The American Bankers Association, thru its special railroad committee, tonight declared that the government prohibition, becomes effective January 16, would be "not only a colossal blunder but a frightful crime," were adopted today at the annual meeting of the directors of the Anti-Saloon League of Illinois. President Wilson and congress were urged "to maintain their present loyal attitude."

The committee prefaced its recommendations by a statement that impaired credit of the roads threatened to "break down the entire fabric of transportation and endanger business."

The preface added: "The present high cost of living would thereby be driven higher."

Among suggestions made were: Return the roads to private ownership as soon as practicable, but do not compel consolidation of railroad properties under the approval of the interstate commerce commission or other board.

Permit federal incorporation. The interstate commerce commission or some similar body to have "exclusive re-organization and control of the issues of stocks and bonds by railroads and water common carriers, and of the purposes to which the sale of such securities may be applied."

A government guarantee "for six months after the end of federal control of net operating income equal to the standard return for the same period under government control."

Extension for ten to twenty years of the companies' indebtedness to the government for capital expenses, such extensions to run serially.

## FORMER JUDGE O'HARA DIES IN CHICAGO

Chicago, Dec. 30.—Former Judge Thomas R. O'Hara, who during the second administration of President Cleveland was the president's personal representative sent to Central America to smooth out difficulties between the United States and Great Britain over the Mosquito coast of Nicaragua, died today, aged 63.

While a Michigan circuit judge, Mr. O'Hara refused an appointment from President Cleveland as justice of the supreme court of the then territory of Utah. He had previously refused the democratic nomination for governor of Michigan.

Judge O'Hara was born in New York state. He sailed on the Great Lakes as a boy. Later he practiced law in Detroit and Chicago. The widow and a daughter, Mrs. Ben Yaeger, of Glendale, Arizona, and two sons, Major Barratt O'Hara, former lieutenant governor of Illinois and Frank, Herbert O'Hara, an author, survive.

Judge O'Hara selected an old friend John W. Fletcher, of St. Joseph, Michigan, to make his funeral address at the Elks club there. He asked to be buried in Berrien county, Michigan, where he had been county clerk and judge.

## ATTEMPT TO MOVE LIQUOR FRUSTRATED

Of the Anti-Saloon League is Held in Chicago.

Chicago, Dec. 30.—Resolutions declaring any relaxation of wartime prohibition, becomes effective January 16, would be "not only a colossal blunder but a frightful crime," were adopted today at the annual meeting of the directors of the Anti-Saloon League of Illinois. President Wilson and congress were urged "to maintain their present loyal attitude."

The directors distributed complaints also to Attorney-General Brundage of Illinois and Federal Judge Landis, of Chicago, for their actions in enforcement of war-time prohibition and the state search and seizure act.

Possible candidates for the presidency were discussed but the Anti-Saloon League would make no endorsement until after the political parties had made nominations. Judge Landis was referred to once as a "big enough man" to be president.

William "Passyfoot" Johnson, prohibition emissary who lost an eye in a fracas in England, was voted "unfounded gratitude."

Ernest H. Chertington, secretary of the World League Against Alcoholism, declared America would not have prohibition enforcement until the rest of the world went dry.

## DISTRICT BASKETBALL TOURNAMENT PLANNED

Play Will Be Arranged For March 5th and 6th.

Springfield, Ill., Dec. 30.—District basketball tournaments of the Illinois High School Athletic Association will be held March 5 and 6, the board of control announced here today.

The board also picked the centers for the district tournaments but will not select the cities to be included at each center until after the entries have been made.

The following cities were picked as centers: Rockford, Elgin, Joliet, Galesburg, LaSalle, Peoria, Bloomington, Jacksonville, Decatur, Urbana, Shelbyville, Centralia, Mt. Vernon and Olney.

## CONTINUED INDUSTRIAL ACTIVITY PREDICTED

Washington, Dec. 30.—Continued industrial activity is predicted by the committee on statistics of the United States Chamber of Commerce, in its annual end-of-the-year review of business and crop conditions. Manufacturers, the report said, have orders in excess of their capacity and in the retail trade is a feeling of confidence of the continuation until harvest time, at least, of the demand for all commodities.

Farmers are reported unusually prosperous because of the high prices of their products. The liberal spending of the farmers, the review asserted, is the backbone and sustaining power of the present volume of business, as they are paying mostly cash and are purchasing more improved farm machinery and pure bred livestock than ever.

Of the general crop situation, the report stated that rain did much damage to unharvested crops in the south and in the southern portion of some of the central states. Winter wheat acreage will be materially reduced this fall, the report said, as the farmers believed winter wheat production at high prices was over for the present.

"Great activity in building" the committee added, "is reported in sections except where crop failures were extensive."

## TO DEMAND PLEBISCITE

Vienna, Dec. 30.—The Hungarian government will make a fight with its peace delegation goes to Paris for restoration of some of the territory taken away from it. County Apponyi, who heads the delegation indicated today the line of procedure.

"We deeply regret the withdrawal of America from the supreme council," he said, "because the United States had pledged itself to those principles on which alone the peace of Europe can be rebuilt."

"We shall demand a plebiscite in territories cut from Hungary."

New York, Dec. 30.—A conversation between a bar tender and drayman, overheard by two internal revenue agents in a saloon, led tonight to the seizure of eighteen barrels of denatured alcohol and the arrest of two men in Brooklyn. Their names are being withheld until several others, believed to be connected with the plot to sell the deadly liquor over New York bars, are rounded up.

## STATE TEACHERS

New York Educator Addresses Evening Session

## HOLD A MEMORIAL

Afternoon Meeting is in Form of Memorial for the Forty Five Teachers Who Died in Services—Election is Held

SPRINGFIELD, Ill., Dec. 30.—In speaking on "The future of Democracy," the program of the construction, Dr. Edward H. Griggs of New York told Illinois teachers at tonight's session of the state convention that "there must be some form of international authority if there is to be enforcement of justice."

"As long as Americans can appear before our courts for justice," he continued, "there is actually no revolution in America." He also urged at times at the polls, to prevent "gang" rule.

Dr. E. Comble Smith of St. Louis addressed the memorial service tonight for the forty-five Illinois teachers who died in service.

County superintendents of schools at a sectional meeting this afternoon, by a vote of eighty to eight, adopted a resolution recommending that the state constitutional convention provide for their election, as in the past, instead of appointment.

**Adopt Resolutions.** Resolutions demanding that the constitutional convention repeal the law regulating taxation for school purposes were adopted today by the Illinois State Teachers who are holding their state convention here.

The resolution is a part of the campaign the teachers are making for increased salaries to meet the high cost of living. It was presented by J. O. Engleman of Decatur, chairman of the committee on the revision of the constitution and of the legislative committee.

## ELECT OFFICERS.

The teachers today elected the following officers for the coming year: D. Walter Potts, East St. Louis, president; May S. Hawkins, Mount City, first vice president; Elizabeth Hawley, Balders, second vice president; Anne Huber, LaSalle, third vice president; Charles McIntosh, Monticello, treasurer; Robert C. Moore, Carlinville, secretary; William B. Owen, Chicago, chairman executive board. Mr. McIntosh and Mr. Moore, treasurer and secretary, respectively, were re-elected.

## REMOVED PUMP FROM NORTH END STATION

Is Stored at City Building for Present—No Water Now Being Pumped from North End.

The work of removing the million gallon centrifugal pump from the north end pumping station was completed Tuesday and the pump is now stored at the city building.

The pump which was furnished by the Fairbanks Morse company was purchased and installed when J. F. Brennan was commissioner. The pump did excellent work and is still good for use as it is comparatively new.

The large two million gallon pump which was also installed by Mr. Brennan is now being used at the south end station and is giving good satisfaction.

## BRITISH AMBASSADOR LEAVES FOR NEW YORK

Washington, Dec. 30.—Completing three months' service here as British ambassador to the United States, Viscount Edward Grey left tonight for New York to sail Saturday on the Aquitania for Liverpool. On reaching London, Viscount Grey will report on his work in America.

Arriving in New York last September, Viscount Grey announced that because of the partial failure of his sight, it would be impossible for him to undertake the duties of a permanent ambassador and his mission would be "comparatively short." Later he presented his credentials to Secretary Lansing, President Wilson's health being such that a call at the White House was deemed inadvisable. It had been thought possible that the ambassador might see the president before his departure, but in view of the Viscount's continued insistence that no special steps be taken to arrange such a visit, no appointment was arranged.

While no official announcement has been made, it is expected that after Viscount Grey has reported on the work yet to be done by the British representative here, a successor will be promptly named. Pending arrival here of an accredited ambassador, Ronald C. Lindsey, counselor, will be in charge of the embassy.

## EXISTED ON WHEAT.

Towner, N. D., Dec. 30.—Margaret Kottke, 7 year old, adopted daughter of Mr. and Mrs. Walter Zimmerman of Towner, for whose death the husband is being tried, existed on raw wheat in the last few days she lived. Dr. C. Stone, coroner, testified today. He said he conducted a post mortem examination and that the girl's body was covered with bruises and sores. He said he found no food in the stomach except raw wheat.

## ILLNESS OF WITNESS HALTS NEW TRIAL

Los Angeles Cal., Dec. 30.—Illness of Miss Elma Clancy, half sister of the accused, who was to be the principal witness for him, defense attorneys announced, prevented a session tonight of the trial of Harry S. W. W. alleged murderer of his fiancée, Freda Lesser.

Adjournment ended a day of a rapid trial with testimony regarding New's alleged insanity. More than a dozen witnesses described New's alleged peculiarities such as sleeping with his clothing and shoes on, his fleeing from imagined enemies and his staring for hours at a time into space.

## QUOTES WILSON, WOOD AND COL. ROOSEVELT

Speaker at St. Louis Gathering Discusses League of Nations.

St. Louis, Mo., Dec. 30.—Quoting from President Wilson, General Leonard Wood, and Theodore Roosevelt, Prof. William H. Hobbs of the University of Michigan told the American Association for the Advancement of Science today that it was time to determine "whether we had not better abandon the idea of the league of nations before it was entered upon."

President Wilson has admitted of the scheme for which he stands sponsor that with its adoption we would embark upon "uncharted seas," said Prof. Hobbs. "We need then, the advice of those best qualified to forecast the storms we are likely to encounter. The real question before the American people has from the start been one of the reliability of judgment of its political prophets."

In quoting President Wilson Prof. Hobbs said:

"Standing in the presence of delegates of the peace conference at formal presentation of the covenant of the league of nations, Woodrow Wilson declared: 'It is definite as a guarantee of peace, it is definite as a guarantee against aggression.'"

"On the other hand," General Leonard Wood has made the statement that the claim that any covenant will protect the world from future wars is idle twaddle and a day dream of molly-coddles. The molly-coddles, moreover, you lie when they say that war as an institution is dead. Don't listen to the molly-coddles. Be a citizen of common sense."

"Which guide are we to follow? Each has been leader in the recent past when the issue was, as now, both national security and world idealism. Woodrow Wilson declared we could not become involved in that war and that the affairs of Europe were not our concern, so he advocated non-participation."

"Leonard Wood declared that we were very likely to become involved in the war, that our only safety was in making preparation for any contingency."

"Theodore Roosevelt tells us: 'It is well at this time to apply that excellent variety of wisdom colloquially known as 'horse sense' to the problems of nationalism and internationalism—nations are made by the men and women who practice the homely virtues in time of peace and who in time of righteous war are ready to die, or to send those they love best to die, for a single idea.'"

Dr. Charles M. Bakewell of Yale in his address concluded by saying:

"We owe a debt of gratitude to those senators, both Democratic and Republican, who were unwilling to shirk their responsibilities who remained true to their oath and refused to let sentimental concern for the heart of the world lead them to sacrifice the soul of America."

"America's duty is plain. Let the treaty be accepted with strong reservations of the Lodge type. These, it is said, draw the teeth of the covenant."

In speaking on "can international rules in regard to labor be made applicable through the jurisdiction of the league of nations," E. H. Diney of New York said that the aims of the international labor conference are to raise the labor standards of all other countries to the level of American standard.

The executive council adopted resolutions in substance as follows:

Suggesting the appointment of a committee to meet with the national research body of the association to formulate a universal language for commercial rather than popular use.

Increasing a national system of physical training in public schools.

This program does not include military training.

Endorsing the Smith bill for national experiment stations in engineering.

Asking England, France and Italy to send representatives to the association's next meeting in Chicago to consider the Carnegie endowment for promotion of peace.

Using quotations from the Cambridge modern history, Prof. Charles M. Bakewell, of Yale university, showed that Napoleon gave mouth to ideas similar to those that are included in the league of nations and that Alexander I of Russia, did likewise.

The French government intends to charge an admission fee to tourists who visit the battlefields next year, according to a Paris report. They will be considered fair prey and by the time some of them return from the war zone they will be applying to the embassies for funds.  
The operating revenues of railways for 1919 will be somewhere around \$5,000,000,000. A straight increase of 10 per cent. would add \$500,000,000 to revenue which the consumer would eventually

have to pay—a per capita increase to the American people of about \$5 each.  
Sir William Osler, who died a few days ago, while at Johns Hopkins University, started a notable controversy by a statement which was taken to mean that the usefulness of a man ended at about the age of 40. A joking remark attributed to him, that men past that age be chloroformed was much discussed. Dr. Osler was 70 years old.

A plan inaugurated six years ago by the Christian church to raise \$6,300,000 for education, missions and benevolences has resulted in a total contribution of over seven million dollars, as announced by the board having the matter in charge. A speaker at a short time ago referred to church organizations as among our "greatest business institutions." It must be a group of able business men who have managed to raise over a million a year.

**DIVIDED POLITICALLY**  
That women will not simply "echo their husbands' votes" but will form their own opinions and choose their own political faiths has been demonstrated time and again, even though women have but recently become actively interested in politics. Mrs. George Hoadly, of Cincinnati, Ohio, is one of the latest to choose a different political faith from her husband who is a Democrat. Mrs. Hoadly has accepted appointment

as member of the Republican State Advisory Committee, and explains to the curious that "a wife can be a Republican, and her husband a Democrat, and they can get along very well. There is no reason why any two persons should 'fuss' about politics. All of us can tolerate honest differences of opinion, and lose no respect for persons on that account."

**CUE EXPORTS**  
The Roche Review estimates that our revenues from exports this year will amount to around \$7,000,000,000 and imports \$3,000,000,000 with a trade balance in our favor of around \$4,000,000,000, and total foreign trade of around \$10,000,000,000. Domestic trade is estimated between 80 and 100 millions. If our imports, through adverse exchange, are cut down, more goods would have to be sold in America if the same rate of production continued, which would tend to lower prices as the supply neared the demand. It is hardly to be expected, however, that a sudden decline in imports could occur, as the purchase of food, clothing and shelter must be continued by the nations short of them as long as some means can be found to pay, and raw materials, and even manufactures, must be purchased here if not to be had elsewhere, no matter how bad exchange conditions become. Economists are very pessimistic on the outlook. Sir George Paish believes that if the situation is not dealt with internationally, that a complete breakdown of credit, of exchange, and of commerce and trade, in Europe will ensue. The loan which it is reported England will make to France, and confirmed in copyrighted dispatch to the New York Sun, will, it is rumored, amount to 40,000,000,000 francs, to be floated in March. Sir George Paish says that unless this is sup-

plemented by corresponding action on the part of the United States, British exchange will decline faster than ever.

**Rippling Rhymes**

**Easy Vows.**  
It's easy now, on New Year's day, to rise and say, "We'll booze no more; we'll throw the demijohn away—the waterwagons at the door." Thus men would vow, in olden times, when they their course could pick and choose. They would abandon sins and crimes, the chief of which were based on booze. The waterwagon goes its way, and there is room for every toff, for every rube and hick and jay, and when they're on they can't fall off. In olden days the men of vows would boast that they had cut out gin, and they had haloes o'er their brows, and were all pure and white within. A while they kept their vows on straight, their high endeavors moved the heart, but in six weeks, or maybe eight, they lost their places on the cart. But now the care is barred about with hog-tight fencing none can bend, and it's a cinch that every scout will go the journey to the end. There is no soothing morning horn, the winecup's broken at the stem; men used to cut out Barleycorn, now Barleycorn has cut out them.

**MEREDOSIA WOMAN WEDS MISSOURI MAN**

Mrs. Carrie Christainer Becomes Bride of Milton E. Vannice of Palmyra—Will Reside on Farm Near Palmyra.

Meredosia, Dec. 30.—Milton E. Vannice of Palmyra, Mo., and Mrs. Carrie Christainer of this place were united in marriage at the home of the bride's sister, Mrs. George Unland at 4:30 o'clock this afternoon. The ceremony was said by the Rev. Fred Reed and was witnessed by only relatives and a few intimate friends. The bride wore a handsome gown of dark blue silk. She has been a resident of Meredosia all her life and has been prominent in church and social work in the community and is highly esteemed by a large circle of friends. The groom is a farmer by occupation and is one of the substantial residents of his home county. Following the ceremony a supper was served at 6 o'clock at the home of the bride. The guests from away were, Mrs. Ella Schenck of Petersburg and Mr. and Mrs. Henry Zahn of Arenzville and Miss Jessie and Miss Carrie Vannice, daughters of the groom. Mr. and Mrs. Vannice expect to go to Palmyra in a few days and will make their home on a farm near that city.

**THE OBSERVATORY**

An adjoining county reports that so many boys have engaged in skunk trapping this year, the school teachers are wearing gas masks.

Don't waste time, for it has increased in price, too. The Western Union clock service will rise from \$1 to \$1.25 a month tomorrow.

"Who are the Marthas of the church?" someone asks. The Marthas of the church are the women who are detailed to kitchen police when the aid society holds a charity bazaar.

Sir Arthur Conan Doyle says there will be both alcohol and tobacco in the next world, which he doesn't call heaven, but which we conclude he regards as heaven, having mentioned tobacco and liquor. Sir Arthur doesn't seem to take any account of prohibitionists in the next world, evidently assuming that they go somewhere else.

On their way to the Pacific coast the Harvard football team was banqueted at Chicago and at San Francisco. They should have waited until after tomorrow's game. A few more celebrations of that character should put them in first class trim for a trimming.

We recently heard a man making a great kick. He said he gave his daughter a pair of nice chickens two years ago and promised to feed the increase for four years, providing she would take care of them. He says she now has a big bank account and has two hundred chickens that he will have to feed this winter. He also says that at the end of the four years, she will own the farm and will be charging him rent for living on it.

A London woman wants a divorce because her husband hasn't spoken to her in three years. Perhaps when he got a chance he had forgotten what he started to say.

For a time it appeared rather uncertain whether or not there would be an edition of the Journal published this morning owing to the Elks initiation and banquet of last evening. Of the Journal's composing room and editorial room force there were seven Elks or prospective Elks who desired to attend the festivities. Of course the four from this plant who were among the candidates, had to be present, while some of our older Elks who sprouted "the antlers of protection" many years ago, had to stay on the job while the boys had their fun. As the foreman, make-up man, Associated Press Telegraph operator, and advertising manager were among those missing from the office last night to take the initiatory work, you will please overlook any mistakes in the publication this morning.

Well, the Christmas spending spree is over, and the merchant has done well. If you have any nice motor cars, or new houses, or good looking pianos, or nifty airplanes to sell, lie in wait for the merchant now, and doubtless you can sell him something.

**CORONER INQUIRES INTO CARTER DEATH**

Inquest Was Held Tuesday—Jury Returns Verdict That Death Resulted from Fractured Skull.

Coroner Rose empanelled a jury Tuesday and held an inquest to inquire into the cause of the death of Ernest C. Carter who died Monday as the result of injuries received in a fall from a corn crib at the farm of Frank Green, Dec. 5.

The jury was composed of R. W. Dodsworth, foreman; W. W. Walker, clerk, and Homer G. Cully, Louis Leurig, Louis Steer and John L. Dwyer.

The testimony of Everett L. Whitlock, Frank L. Green, James C. Lair, Roy L. Black and Dr. Walter L. Frank was heard. The testimony of the first named four who were working with Carter at the time merely told of the manner in which Carter fell. Dr. Walter L. Frank who assisted Dr. Black in an operation to ascertain the extent of the injuries to Carter's head, gave the testimony upon which the jury based its verdict. Dr. Frank stated that Carter sustained a fracture that extended from above the right ear down into the base of the skull. The fracture together with the discharge of blood into the skull caused infection which Dr. Frank gave as his opinion caused death. The jury returned a verdict in accordance with the facts.

**DR. WEIRICH AGAIN COUNTY PHYSICIAN**

Appointed by County Board Tuesday—Succeeds Dr. J. M. Woulfe.

Dr. W. H. Weirich was re-appointed county physician yesterday by the board of county commissioners. When the United States entered the war with Germany Dr. Weirich was given a leave of absence by the county board to enter military service in the medical department. He saw overseas service while in the army.

The board at that time highly commended Dr. Weirich for his patriotic action and gave him the privilege of naming his successor. Dr. Weirich named Dr. P. C. Thompson.

On November 18, 1918, the county board named Dr. J. M. Woulfe as county physician, his term of office to begin January 1, 1919. Dr. Woulfe has been since serving in that capacity. It is probable that the action of the board Tuesday was influenced by the action of the former board which was made a matter of record.

UNIVERSITY SHORT COURSE NEXT MONTH

Cultural Course Will Be Held at State School in Urbana Jan. 19 to 30; Lectures for Highway and Ceramic Engineers Will Be Given at Date.

Urbana, Dec. 30.—Farmers, surveyors, engineers, and ceramic engineers, together with others, interested in these lines, will find opportunities for improvement in short courses offered at the University of Illinois this winter. Known authorities both in and without the University direct the courses and contribute their knowledge in making courses instructive and worth while.

Among those interested in the highway course, known as the "Short Highway Course," will consist of lectures by authorities of Illinois and other states, and of class work and demonstrations in farm crops, soils, farm mechanics, stock raising, dairying, and other lines of animal husbandry of interest to the practical livestock farmer. Among the principal speakers will be Governor C. H. S. of Arkansas, F. G. Blair, Superintendent of Public Instruction, and Herman Danforth, director of the Federal Loan Office of St. Louis.

Highway Program. The highway engineers will be emphasized to them the importance of adequate highways for transport, the necessity of sufficient funds for maintenance of city streets, as well as country roads, and the need of proper engineering supervision of all road and pavement expenditures.

Professor L. S. Smith, of the University of Wisconsin, will deal especially with city planning problems, and with the problems of the city engineer and the builder of rural highways.

Besides Professor Smith, S. E. Brant, state superintendent of highways in Illinois, Clifford Older, chief highway engineer, the other engineers of the highway department of Illinois, and adjoining states are expected to be among the speakers.

For instance a cocklebuff patch in the back yard of an office building on Main street; in the rear and on side of state's attorney's office bushes four feet high loaded with burrs. Tin cans, ashes and cinders are scattered all about back yards and alleys in the business center of the town. Some private houses are better kept holiday advertisements are falling off. With wishes for a Happy New Year for the Journal and for Jacksonville.

I'm as ever in F. C. L. John Minter.

## VETERANS PLEAD FOR COMRADE M'DOUGALL

A Large Deputation Asks the County Board to Retain Him in the Office of Overseer of the Poor for Jacksonville Precinct

A short time since the Journal reported a meeting of a large number of persons with the county board asking that the office of overseer of the poor of Jacksonville precinct be consolidated with that of the secretary of the Social Service league. As this would displace the present incumbent, Major C. E. McDougall, some persons at that meeting at once protested and yesterday, by courtesy of the board a number of civil war veterans appeared before the two county commissioners, Messrs Wheeler and Wyatt,

asking that Major McDougall be retained. They also brought the written indorsement of the third member of the board, Capt. J. M. Swales, unable to be there.

First S. W. Nichols, commander of Matt Starr post, was called on and said in part:

We do not come before your honorable body as mendicants nor do we make any imperious demands or threats but as gentlemen to gentlemen we respectfully present our case.

In the first place we feel our comrade is fully able to see to the duties of the office and we hereby pledge ourselves to tramp this town from one end to the other looking up all cases brought here for charity to the end that unjust cases be refused. We assure your honorable body that the affairs of the office shall not suffer in the hands of our comrade.

Major McDougall fought bravely thru the civil war; on the bloody field of Shiloh he showed peculiar gallantry and left a finger as a memento of his bravery, nor was he wanting on other fields. The war has been over almost 55 years and we are fast passing away and shall not trouble any one very long and we respectfully urge that this little morsel be given a worthy veteran who sacrificed so much for the welfare of his country. We do not call it alms or charity but a simple piece of justice and we earnestly hope your honorable body will see it in the same light as we see it.

Prof. J. H. Rayhill was next called on. He said in part: I did my humble part in the war for the union tho I am not a native of the United States. I was one who laid all on the altar of my adopted country and let me remind you, gentlemen, that had it not been for the men who went out as did

our comrade you would not have any county board today. It is but little we ask and we feel you will be gratifying the largest part of your constituents by acceding to our request.

Judge T. B. Orear said there were hungry people and it were better to feed a few unworthy than let a worthy one suffer.

Rev. J. W. Muse said he would vouch for the colored population and work with the major to see that no unworthy ones received aid.

Mr. Wheeler replied very courteously. He said in part: It is the least of our wishes or intentions to harm any old soldier. There is so much demand for charity and there are so many frauds that it is necessary to examine each applicant with great care; visit the home and see to it that no one undeserving is aided. We have felt that the major was hardly able to do this as it should be done and it is our honest desire to stand by the old soldiers and at the same time do our duty by the people.

It was suggested that the county is paying Mrs. Cowlick thirty dollars a month and that should be enough to justify her in going about some and looking into the worthiness of cases; there was no other way in which she could earn that from the county and it was ample pay for the work suggested.

Several expressed themselves and as a result the board said the major would not be disturbed till further notice and the veterans tendered him an unanimous vote of thanks.

Major McDougall said the board and all others might depend on it that he would resign when he was unable to attend to the duties of the office. He had done much to eliminate the unworthy and would continue to do so.

**LOCAL "Y" WILL APPORTION MONEY**

Institution Will Receive Allotment From Educational Fund of War Council For Distribution—Secretary Findley Attended Meeting in Peoria.

J. S. Findley, secretary of the local Y.M.C.A. has returned from Peoria where he attended a meeting of secretaries of the Central district held to discuss subjects of interest relating to the association.

Some of the subjects discussed were the Father and Son banquets, National Thrift campaign and extension of Y.M.C.A. work in unorganized fields. Much information was obtained by those in attendance from the exchange of views.

One of the most important matters to come before the conference was the disposition of the educational fund of the War Work Council.

A committee was appointed in each county to supervise the distribution of the funds and the secretaries were instructed as to the proper methods of recommending the committee to their boards of directors. The amount apportioned to Morgan county is \$688 and the committee will be named soon.

They will begin housekeeping on a farm near Franklin and will have the best wishes of many friends.

**FRIDAY NIGHT**  
Discussion of the League of Nations.

Illinois is the only state, out of all the Forty Eight, with both senators voting stoutly against the League of Nations and the Peace Treaty.

This is quite a distinction. Whether we shall be proud or sorry remains to be seen.

I believe we should be sorry now and get right, rather than be wrong now and be sorry later.

I will discuss this question Friday night at the Court House.

All—both men and women—who care to hear me, are invited to be present.

As I said before, I will be glad to divide the time with any Republican who will defend the course of these senators, and their associates, in voting against ratification of the peace treaty with reservations.

James H. Danskin.

**PRAYER MEETING AT BROOKLYN CHURCH**

The regular prayer service at Brooklyn church this evening will be in the nature of a watch night party. The regular service will be held from 7:30 to 8:30 o'clock. Later in the evening refreshments will be served. All are urged to be present this evening.

## WEATHER UNUSUALLY COLD IN OREGON

William Sorrell of Salem, Oregon, Writes Brother of Record Breaking Cold Weather in Northwest.

Henry Sorrell of the Shiloh neighborhood lately received a letter from his brother, William Sorrell, a resident of Salem, Ore., in which he tells of the record breaking severely cold weather they experienced there a short time before Christmas. Twenty-six inches of snow fell in 24 hours with the thermometer at zero for 5 days and for two days at 10 and 11 below. That section of the country is not subject to such severity and scarcely anyone was prepared for it. Consequently there was much discomfort, damage and inconvenience caused by frozen pipes etc., and losses in the way of provisions and potatoes being frozen.

At the time Mr. Sorrell wrote he stated the temperature was again normal and snow melting fast. Usually what snow falls there it melts as it falls.

William Sorrell will be remembered by many as living on the farm of Charles Hopper (now owned by Harry Martin) a few miles west of Hebron in the early 80s. He moved from there in 1884 to York, Neb., but for 20 years he has been a resident of Salem, Ore. He is hale and enjoying life as best he can in his declining years.

## WAVERLY HIGH TRIMS SPRINGFIELD

Take Capital City Boys Into Camp by Score of 13 to 10—Game Hard Fought and Rough—Score Was Tie 6 to 6 at End of First Half.

Waverly, Dec. 30.—Waverly High School defeated Springfield at basketball in the Waverly gymnasium tonight by a score of 13 to 10. The game was hard fought and the result was in doubt until the final whistle blew.

The Waverly boys took sweet revenge on the capital city lads for the overtime defeat they received on the Springfield floor about two weeks ago. Waverly lost at that time by two points, Springfield getting a basket in the overtime period.

The contest tonight was a battle from the first to the last whistle. The players of both teams played hard and while the game was rough there was no intentional fouling, the fouls that were committed being rather caused by the high tension of the players.

There was lots of action in the first half and the teams proved to be evenly matched. When the whistle sounded for the close of the first half the score was a tie, at 6 to 6.

In the final period, however, Waverly showed greater accuracy in shooting baskets and forged to the front and was never headed. The Waverly five will play Auburn Friday evening, January 9. The Auburn boys won the final football game from Waverly, on Thanksgiving day and Waverly will try to get revenge for that defeat.

## WINE BURGLARS WORK IN GREENE COUNTY

Apple Grower Loses Fifteen Gallons of Wine, Whatever That Is—John R. Stanton Returns to California Home—White Hall News Notes.

White Hall, Dec. 30.—George Thornton, an apple grower in the district northwest of White Hall, suffered the loss of ten to fifteen gallons of wine that was taken from his cellar during the absence of the family from home, and the theft was discovered by a neighbor, W. D. Owdom. Mr. Thornton resides a short distance west of Patterson. The extent of the loss is not stated, but it is not confined solely to the wine, as considerable breakage of articles about the cellar was done by the thieves in searching for their goal.

Mr. and Mrs. Allen A. Lorton will leave on January 8th for Eagle Pass, Florida, to spend the remainder of the winter.

John R. Stanton left Monday for St. Louis, from whence he will return to Chicago before proceeding to the Pacific Coast. Mr. Stanton spent a very happy Sunday at his old home town. He recently returned from Europe and on the trip visited the native home of his parents, Mr. and Mrs. Richard Stanton in Ireland. John brings back a new version of the Irish situation, of which he is qualified to speak because of his Irish extraction. He says that the Irishman is a natural politician, and that to throw down the bars and give Ireland her freedom is of very doubtful wisdom, as every Irishman would consider himself the man of authority, and this would leave the exercise of governmental authority in a very doubtful condition. Stanton says this is the first time he ventured his opinion on the subject. The poorer classes of Ireland he found to be objects of pity. He found a neighbor of the old Stanton home who supports a family of nine people on two acres of land, and said this man certainly had an income from labor elsewhere. The man in this case, says Stanton, is living in hopes that the new land law will eventually increase his holdings to twenty acres. Stanton made an inspection of the old Stanton home in White Hall, and said that money can not buy it, altho its intrinsic value is very light. He says the place was once sold by some member of the family, and that he paid a nice sum to the man for his bargain in order to retain it in its original state. Mr. Stanton is president of one of the big book publishing concerns in the country, and he still regards White Hall as home. He left his ideas on the development of a community building on Whiteside Park, especially as it concerns the library proposition.

The visit of J. L. Amos to White Hall Monday was occasioned by the death of his boyhood companion, James O. Vosseller, whose burial was held in Jacksonville, and Mr. Amos was unable to get to Jacksonville in time for the funeral. Mr. Amos was accompanied by his son, and the young man got his first glimpse of the old Amos hotel, now occupied by the Hudson garage, where his father was born and reared, and where Douglas stopped in the early days of White Hall, the presence of Lincoln being noted only once. J. L. entered the service of the Missouri Pacific railroad in a clerical capacity when a young man, and now he holds the title of general freight agent of the system with headquarters in Kansas City.

E. E. Pfeiffer and John L. Blackwell of the C. & A. dispatchers' office in Roodhouse, were making Martha Washington New Year calls in White Hall today.

**DAVIS SWITCH**

Mrs. Samuel Kierl, formerly of this neighborhood, now living east of the city is very sick.

Mr. and Mrs. Sam Butler, Mr. and Mrs. John Casey, Mr. and Mrs. Charles Burrows and Rev. Ponell and family were Sunday guests at the home of Mr. and Mrs. Dick Butler.

Mr. and Mrs. J. S. Butler and children were among the guests who spent Xmas day with Mr. and Mrs. Otto Grimmer. All report a fine time.

Mr. and Mrs. Oliver Cain of Carrollton spent Saturday and Sunday with Oliver's parents, Mr. and Mrs. J. H. Cain, south of city.

Mr. and Mrs. J. H. Devore entertained for dinner Christmas day Mrs. Glasgow and children and Mr. Devore's sister, Miss Sarah Devore of Hutchinson, Kas.

Mr. and Mrs. John Hoagland entertained at dinner Sunday Mr. and Mrs. J. H. Devore, Mr. and Mrs. Jack Leach, Miss Margaret Reynolds and Miss Sarah Devore.

Mr. and Mrs. Carl Hembrough were guests in the afternoon at the Hoagland home.

KS INITIATE LARGE CLASS OF CANDIDATES

Hundred and Twenty Seven are Given the Work—Banquet Follows at Central Christian Church—Lodge Now Has Nearly 500 Members.

One hundred and twenty seven candidates were received into membership in Jacksonville Lodge 682 B. P. O. E. in David H. M. Ticknor Tuesday evening. It was by far the biggest in the history of local Elks and the ceremonies attended the induction of the candidates were most impressive. Jacksonville Lodge of Elks was organized over twenty years ago. H. M. Ticknor being the first Exalted Ruler of the lodge. Since its organization the lodge has grown steadily both in numbers and financial strength. With the addition of the members received tonight the total membership will reach nearly 500.

The work was in charge of the local officers of the lodge assisted by Hon. H. A. Shepherd of Jacksonville. Mr. Shepherd widely known in Elk circles also in the Knights of Pythias as a splendid interpreter of the lodge's work. His work last night was of a high order and he made a deep impression not only on the candidates but also on the members of the lodge.

Paul P. Thompson as Esquire, tried a large responsibility and the big job of preparing and reading the candidates. He was assisted by the following: V. Bassett, George F. Cox, M. Hook, Fred B. Hopper, Dr. A. Kingsley, Richard Y. Rowe, S. Sheppard, A. R. Taylor, J. B. Wiswell, F. W. Brockhouse, D. N. James, John M. G. Nelson, F. J. Anderson, H. P. Samuel, J. Richards, J. S. Self, Charles J. Earl, Lukeman, John W. Elmer Henderson, Fred Ch. Clarence Lukeman.

Enjoy Splendid Banquet Following the initiatory ceremony the members went to central Christian church where a splendid banquet was enjoyed. The banquet was prepared by the ladies of the church and was fully up to the high standard for which they are noted. The invocation was pronounced by the Rev. Myron L. Titus.

After the banquet Exalted Ruler, C. MacVicar introduced Mr. E. E. Crabtree as toastmaster. Crabtree in accepting the difficult position expressed his appreciation briefly. He then introduced F. L. Sharpe, chairman of board of trustees of the lodge. Mr. Sharpe who is one of the known Elks in the state gave members some interesting financial figures showing the present condition of the lodge. Mr. Sharpe said the lodge had at the present time over \$11,000 in the fund and general fund. Of this amount over \$10,000 is in the fund and the greater part of it is invested in bonds and other securities.

Following Mr. Sharpe, Carl H. Hopper was called upon to express himself from the viewpoint of a candidate. Mr. Hopper, always a speaker, spoke along general lines and was given close attention and hearty applause at the time.

The 11 o'clock toast was given by Mr. P. P. Samuel. The speaker made a deep impression on his hearers and the members pledged anew to the principles of the order.

The last speaker was Rev. A. Ewert of White Hall. Mr. Ewert delivered the main address. The speaker after dwelling upon principles of Benevolence which are so strongly inculcated in the order told something of his experiences in France. Mr. Ewert is an eloquent and magnetic speaker and held his hearers' attention.

Eight of Family Affiliated. One outstanding feature of the evening was the fact that the living of John H. Cain and his sons, Fred and Harry, and Mr. Cain has eight sons

A VETERAN AT REST

The Venerable Samuel P. Chesney Answers the Final Roll Call

At 1:30 p. m. Tuesday Samuel P. Chesney quietly passed away at Passavant hospital and went to the great review before the great Commander of the universe.

Mr. Chesney was born in Painesville, Ohio, Sept. 25, 1840 and there grew to manhood enjoying the usual advantages of the Buckeye state. He was of a fine family and patriotic and when the call to arms was heard he lost no time in offering his services and was enlisted in Battery B, 105th Ohio Artillery. He was severely wounded while in the service and suffered more or less from it all his life.

At the close of the war he returned home and remained there for a few years and then sought the state of Illinois in which he passed the remainder of his life. He came to Jacksonville in 1875 and was a member of the firm of C. F. Wyman & Co., crockery and queensware, on the east side of the square at first and later on West State street.

Later he was a member of the grocery firm of Carter & Chesney and after the death of Mr. Carter he conducted the business alone for a while and then disposed of it and was unoccupied with anything for a while till rural mail service was organized when he served as one of the first appointed carriers working in that capacity for a number of years until he felt obliged to give it up.

He couldn't rest contented doing nothing so he went to Lynnville where he secured a small parcel of ground and took much delight in raising vegetables and flowers in which he was a great adept and had about him a beautiful place. He was also a great reader and much enjoyed the society of books and papers and was very well informed.

Feeling the weight of years and the effects of his wound he thought he would be better off at the Soldiers' Home in Quincy and went there Nov. 29, but his health continued to fail and he longed to be with those he loved and he was kindly received into the home of E. E. Hatfield where he remained for a few days and then asked to be taken to Passavant hospital. He went there Monday but death came for him the next day and he obeyed the summons.

He was married Nov. 25, 1875 to Mrs. Melissa Moffett, who passed away Sept. 15, 1912. He leaves two sisters, Mrs. Sarah Gould and Mrs. Mary Hoover, both of Painesville, Ohio; also four step-children, Mrs. E. E. Hatfield of this city; William Thomas Moffett of Blue Mound, Ill.; G. E. Moffett of Albuquerque, New Mexico, and Mrs. G. S. Crawford of Chicago.

The funeral will be conducted Thursday at 10:00 a. m. at the residence of E. E. Hatfield, 1001 West State street and interment will be in Diamond Grove cemetery. It is the desire and expectation to have Rev. Mr. Cronkhite of Lynnville and the Grand Army officiate.

## PRETTY HOME WEDDING AT WHITE HALL

Miss Grace Nevius Becomes Bride  
At Ross J. Barrett—N. H. Huggins  
Answers Final Summons—  
Other White Hall News Items

White Hall, Dec. 29.—The marriage of Mr. Ross J. Barrett and Miss Grace M. Nevius took place at 3 o'clock Sunday at the home of the parents of the bride, Mr. and Mrs. J. V. Nevius, on East Bridgeport street. The officiating clergyman was Rev. A. F. Ewert, and the ring ceremony was carried out in a most simple manner. There were seasonable decorations of holly, mistletoe and evergreen. The guests numbered twenty. The couple left at midnight over the Chicago-Alton for Kansas City to spend a few days, and then will proceed to

their future home at Arlington, Kansas. The gifts were extensive and beautiful, the bride being the recipient also of a large number of gifts at the shower held in her honor last week at the home of Mrs. E. C. Pearce.

The bride wore white georgette, carrying a bouquet of a variety of beautiful floral creations. She is a most estimable young lady, and is a graduate of the White Hall high school with the class of 1916. Aside from her numerous relatives, she is held in high esteem by the entire community.

The groom is a son of Mr. and Mrs. M. L. Barrett of Arlington, Kansas. He is junior editor of his father's paper, the Arlington Enterprise, and the Barretts are engaged in an extensive general printing business in the Kansas town. He completed his education in Southwestern University at Winfield, Kansas, after graduating from the Arlington high

school. During the recent war he served in the naval hospital service at Portsmouth, Va.

N. H. Huggins Expires.  
The death of N. H. Huggins, who has been connected with the stoneware business of White Hall for over fifty years, occurred about 6:30 a. m. Sunday at the home of Mr. and Mrs. C. A. Evans on Worcester street, where he had made his home most of the time since the death of his wife, which occurred on March 22, 1918. Mr. Huggins was very ill during the fore part of the night, and the family was up with him until 1 a. m. At 4 a. m. Mrs. Evans found him breathing and sleeping about as usual, but at 6:30 a. m., when the family awoke, he was dead. The attending physician was again summoned, and he stated the death was due to gas of the stomach, stopping heart action.

Mr. Huggins came from Ohio when a young man, and has been

In one way or another identified with the stoneware business at White Hall and nearby points for over fifty years. He was engaged in the manufacture of stoneware at Manchester when he and Miss Sallie Pittenger, of White Hall, were married. This was about 1870. Mr. Huggins was also in the business at Ripley and Winchester for short intervals, and at one time was engaged in the grocery business at Roodhouse. He was a turner by trade. For a long period of years he traveled for the late David Culbertson of White Hall. His two children are also dead, and he was the last member of his family. A brother, M. A. Huggins, resided in Texas and he has a sister residing near Beardstown. His age would have been 73 years on January 21st next. He was a member of the Presbyterian church.

Funeral services will be held at the Evans home at 1:30 Tuesday. The discourse will be delivered by Rev. A. F. Ewert, pastor of the Presbyterian church, and Rev. Leo Howard, pastor of the Methodist church, will assist. The interment will be in the White Hall cemetery.

Capture of the 91st Illinois.  
G. R. Adams relates that 57 years ago last Saturday the 91st Illinois was captured by John Morgan while engaged in guarding bridges along the Louisville & Nashville railroad. Morgan was enroute to Louisville, and in order to continue to his objective he paroled his 91st prisoners that night. The 91st was ordered to Benton Barracks, the old St. Louis fair grounds, and there were exchanged on the following June 16th. On July 7th, 1863, they were on parade grounds ready to board transports for Vicksburg when news of the surrender of that city was received. They proceeded to Vicksburg, and Adams was on detached duty for some months, while the regiment went to Port Hudson. New Orleans and up the Red river on the Mobile campaign. The late Capt. E. J. Pearce was made provost marshal at Vicksburg, and he retained A. O. Vosseller as his assistant. The 91st had a large representation from White Hall and Manchester. Several of the survivors reside in Greene and Scott counties.

White Hall Notes.  
Mr. and Mrs. Robert Clifford returned to Jacksonville Sunday evening after spending several days here.

Attorney Grant Foreman of Muskogee, Oklahoma, was in town over Sunday.  
John R. Stanton was down from Chicago over Sunday, and inquired into the rest room and community building project for Whiteside Park. He stated that a rest room is an absolute necessity, and that the idea of combining the library and soldiers' memorial hall in the same building is a capital one. He says that several old White Hall boys would be glad to lend a hand, and that he will give \$100 in cash or its equivalent in books for the library. He thinks that Judge Purdy, General Hamilton and Tip Browne would be willing to do fully as much or more, adding that he does not think the Griswolds should be expected to undertake the full rest room project as now proposed.

Princess theatre was packed Monday night to greet a party of aspiring dramatists from the little hamlet of Patterson in the rendition of "The Arizona Cowboy" that was successfully presented at their home during the season. There is considerable talent along this line at Patterson, and this fact combined with a neighborliness of feeling brought about a most successful engagement at White Hall, the effort being received in a highly creditable manner.

Mrs. Huntington Dead.  
News reached White Hall today of the death of Mrs. Alice D. Huntington, at Los Angeles, Sunday night, at the age of 65 years. She was a daughter of the late Dr. A. Bowman, and is the first death among the six children of the Dr. Bowman family. Her brother, Judge John C. Bowman came up from Carrollton today to arrange for the burial, the remains being expected to reach here Friday morning. The deceased resided with her sister, Mrs. Hettie Lundy. The other three children of Dr. A. Bowman are: Dr. G. W. Bowman of Alsey; Alexander of Tulsa, Okla.; and Mrs. Carrie Roberts of Girard, Kansas.

J. L. Amos, general freight agent of the Missouri Pacific Railroad at Kansas City, was in town today, his coming being occasioned by the death of his boyhood companion, James O. Vosseller.

AN INTERESTING TRIO.

A happy lady residing in Bluffs visited the city yesterday. She was Mrs. S. M. Palmer and was accompanied by her two sons, Rev. E. T. Palmer of Chicago, and Rev. E. D. Palmer of Bluffs, both in the Methodist ministry. The gentlemen are twins and closely resemble each other, the Bluffs man is a trifle taller than his city brother. With pardonable pride the good mother looked on the two boys whom she had reared amid circumstances calling for effort and good judgment as they are both honored members of their profession and they in turn will rise up and call their good mother blessed.

Mr. and Mrs. Albert Dean of Roodhouse were travelers to the city yesterday.

## 114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About \$105 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 167 to 174 eggs a day."—Mrs. Essie B. Ropp, R. R. 2, Little, Ind.

Mrs. Ropp got this increase of 7 dozen a day in the middle of winter. At 50 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry supply dealer or 50 cents for a package by mail—paid. Durrell, Quincy, Mass. 019

day was well attended. The program was in charge of Miss Winifred Ashley, assisted by the choir. The Ladies' Aid of the M. P. church will meet in regular session at the home of Mrs. E. D. Beird Wednesday afternoon, Dec. 31st.

Miss Marie Fuson was a business visitor in Pittsfield Monday. Mrs. P. M. Green assisted by the little girls of her Sunday School class, Mrs. William Green and Mrs. Charles Ward, by charity benefits, 45 little children were given a Christmas treat of candy, nuts and oranges. Three families were given a Christmas basket of good things for the Christmas feast. As there is still a surplus of \$5.00 in the treasury, Mrs. P. M. Green will endeavor to organize a home Missionary Society. For years Mrs. William Green in her quiet, unassuming way has been busy in home missionary work, but in many instances has not received the cooperation she should have received.

Bluffs has well organized foreign missionary societies and the next move in the right direction is the organization of a home missionary society. May Mrs. P. M. Green meet with splendid cooperation is the wish of her friends.

## How Spinal Defects Occur

MANY persons have asked how the spine can press the nerves and shut off the life-giving energy and cause weakness and disease in certain parts of the body. The

### Causes of the Fatal Pressure

In fact there are many contributory causes that lead to defective spines and they are present every day of life. Before, during and after birth the weak and tender spine is very easily affected. The manner in which a child sits at the school desk, or the position of the man or woman while at work is likely to cause defect and curvature. Strenuous games, active play, falls, blows, sudden twists, or strains from carrying or lifting heavy weights are all likely to throw the spine out of plumb. This brings about the fatal pressure upon the nerves and throbbles or obstructs the life-giving nerve currents, thus leading to disease.

### CHIROPRACTIC CORRECTS SPINAL DEFECTS

It lifts the pressure from the nerves, permitting them to

nourish the famished, worn out and diseased tissues and organs. With normal nerve function restored, Nature brings about healthy conditions in the organs effected. In

## HE FOUND HELP IN NICK OF TIME

J. L. Scudder and Wife are Re-joining Over Restored Health—Praises Tanlac.

"My wife was in about as bad fix as I was and I want to tell you that was pretty bad, but we are now sound and well, and two happier people couldn't be found anywhere," said J. L. Scudder of 135 Erwin street, Peoria, Ill., recently.

"The day the armistice was signed, about a year ago," he continued, "neither my wife nor myself was able to go up town. We were glad, of course, the war was over, although we could take no part in the great celebration, but were feeling smartly blue and discouraged on account of our ill health.

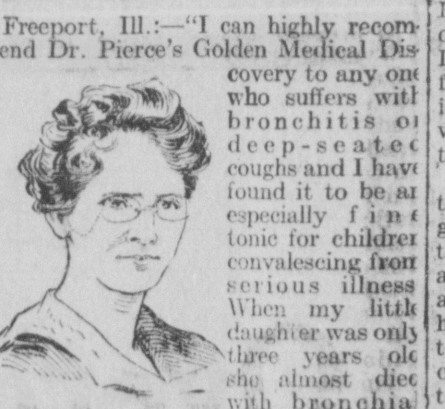

"I had been laid up for months with rheumatism. The joints in my arms and legs were so swollen, stiff and painful that I could hardly keep from hollering. My feet were badly swollen and drawn and I couldn't get my shoes on. I had been suffering this way off and on, for twenty-five years and, as I said, about a year ago I just got completely down and out. My kidneys had been all out of order for years and my back hurt me so bad that I was constantly leaning against something try to ease my pain. I hadn't been able to hit a lick of work in some time and was in such a bad condition that I never expected to be well again.

"While laid up at home I got to reading about Tanlac and finally asked a visiting neighbor to get me a bottle, which I began taking with almost immediate good results. In a short time I noticed the rheumatic pains easing up, the pain in my back got better, and I could sleep better than I had in years. I am now a perfectly well man, haven't a pain of any kind, able to work every day for the United Box Company and this wonderful change has all been brought about by a few bottles of Tanlac.

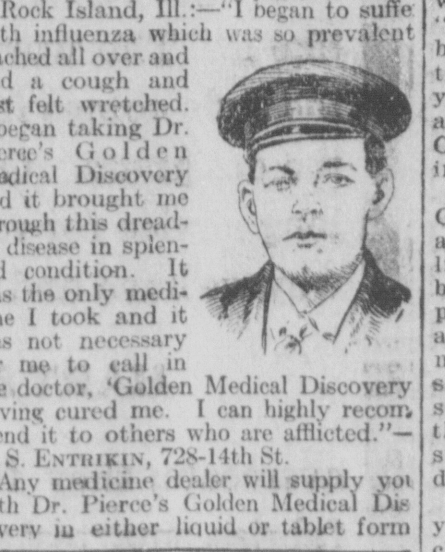

"Now as to my wife's case: She had been flat on her back for weeks with indigestion, which had been coming on her for years. She was extremely nervous and in such bad shape that she had not been able to get up town for months. She could eat nothing without bloating all up with gas and suffering intense pains. Her heart would palpitate so on account of this gas that she could hardly breathe at times. But Tanlac has overcome all her troubles just as it has mine and we are both happy over getting back our health. From now on I never expect to be without Tanlac and my wife and I feel it our duty to tell everyone we can about it."

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros., and in Alexander by Frank J. Kaiser.—Adv.

### ILLINOIS FOLKS TELL THEIR STORY

Freeport, Ill.:—"I can highly recommend Dr. Pierce's Golden Medical Discovery to any one who suffers with bronchitis or deep-seated coughs and I have found it to be especially fine for children convalescing from serious illness. When my little daughter was only three years old she almost died with bronchial pneumonia. She was so weak and it seemed after the crisis had passed that even then she might not recover. It was then that I gave her the Golden Medical Discovery and she grew well and strong in a comparatively short time. She is now fifteen years old and has neither bronchitis nor any lung trouble since but is a strong healthy girl."—Mrs. DORETTA DOUGLAS, 17 Wilbur St.

Rock Island, Ill.:—"I began to suffer with influenza which was so prevalent all over and I felt wretched. I began taking Dr. Pierce's Golden Medical Discovery and it brought me through this dread disease in splendid condition. It was the only medicine I took and it was not necessary for me to call in a doctor. 'Golden Medical Discovery' having cured me, I can highly recommend it to those who are afflicted."—J. S. ## MOST UNUSUAL CONTEST IN FOOTBALL HISTORY

Harvard-Oregon Game at Pasadena on Thursday—Breaks Down Generation of Old Traditions—Gridiron Sport Expected to Reach Pinnacle Next Season.

New York, Dec. 27.—Although the intercollegiate football season of 1920 is still some nine months away the prospects of a record gridiron season during the coming year are clearly indicated by the playing of the Harvard-Oregon game at Pasadena, Cal., on New Year's Day as part of the Rose Carnival. In many respects this contest is the most unusual ever staged and the breaking down of generation old football traditions bears out the fact, demonstrated in the latest schedules, that the sport will reach a pinnacle next season never approached in the past.

While there have been numerous intercollegiate football games in other years and the playing of eastern college elevens on Pacific coast gridirons is not unprecedented, the appearance of a team from one of the oldest and most famous of America's universities in this role is a decided advance and recognition of the ever increasing scope of the Autumn sport. No championship is at stake and the claim is not made that the two elevens are the best in their respective sections. They were, however, ranked high at the close of their seasons and can be accepted as fully representative elevens of the Atlantic and Pacific coast type of play.

Oregon won five out of six games played during the 1919 schedule and was scored upon in three others. Harvard took part in nine games, won eight and was tried by Princeton in the other contest. The total scoring against the crimson consisted of two field goals, and one touchdown made in the Yale and Princeton games. There is no way in which to obtain a line upon the respective strength of Oregon and Harvard, even through the unsatisfactory method of comparative scores for the institutions are so widely separated that a mutual opponent was out of the question.

In the few Atlantic vs. Pacific coast intercollegiate football games played to date the advantage rests with the Pacific institution elevens. In 1915 Washington defeated Brown 14 to 0. The following year Oregon defeated Pennsylvania by a similar score. During 1916 Syracuse made a tour of the far west defeating Occidental College 35 to 0 and Oregon Aggies 28 to 0. Previous to reaching the coast, Montana had tied the Syracuse combination in a 6 to 6 game. In 1917 and 1919 Syracuse played Nebraska, winning the first game 10 to 9 and losing the second 3 to 0. These games constitute a majority of the contests involving far western trips by eastern colleges. While Harvard has never made such an extended trip an intercollegiate game is not an innovation for the crimson for Harvard and Michigan to cite only one case, have met in four games. In 1881, the Wolverines were defeated 4 to 0; in 1883, 3 to 0; in 1885, 4 to 0 and in 1914 Harvard completed its quartet of victories by winning 7 to 0.

Harvard had an easy schedule this year, and until the Princeton game on November 8 did not have to extend itself. Crimson teams are developed physically through a season with the idea solely of having them in condition to play their best against their old rivals of Yale. All other games are taken "in stride." A result of this, combined with an easy schedule, is that the Harvard team is expected to be able to pick up again for the past season contest much easier than teams which have been trained for several special games in a season of hard play. "Pooch" Donovan, trainer of Crimson teams for many years, said before he left with the eleven for the coast: "My boys ought to be in top-form by New Year's. I don't think they have been at their highest yet this year. I'll bring them along, I'm sure, and we'll make California's milder climate help, instead of retard us."

The eastern team will outweigh Oregon on the line, but will have a lighter backfield. Harvard's line advantage in poundage will be considerable, probably 100 pounds from end to end, or an average of about 14 pounds to a man. In the backfield Harvard's shortcoming in weight is represented by the difference between the 155 pounds of Casey, its slight star, and the 175 pounds of Brandenberg, his Oregon opponent.

The eastern college game this year was a varied one. It included something of the old-time line-bucking attack, some of the more advanced tactics of forward and lateral passing, and a freer use of the punt and kick, both for the strategy which looks to the ultimate advantage and the more direct scoring action of the field goal. The Harvard team as developed by Coach Robert T. Fisher, while not the best of the eastern colleges in any of these several phases of the game, combined all of them to round out a method of play.

"Eddie" Casey, the scintillating back-field star, choice of Walter Camp for All-American back this year. Casey, a slip of a youth by comparison with the heavy set type of player, is expected to flash as brightly in the west as he did thru Harvard's campaign in the east. Notwithstanding that he was the object of defensive attention by several opposing players in each of Harvard's big games, he came thru as the star of each.

Whether in open field running, where his ability to shift and dodge, to change suddenly both pace and direction, and to protect himself by warding off opposing tacklers with stiff, straight arm, gave him gain after gain; in forward passing, where he served both as thrower and receiver, more often as the latter and for considerable advances, Casey proved himself one of the best backs of the east for all time. Harvard's principal weapon of attack, Casey, tied the game with Princeton and won the game with Yale by receiving forward passes and completing them with elusive runs. In the contest at Pasadena he will be playing his last game under Crimson colors, as his service in the navy will count toward a degree.

**UNUSUAL STRENGTH**  
**DEVELOPS IN CORN**  
CHICAGO, Dec. 30.—Unusual  
strength developed in corn today,  
with dealers giving heed to the  
scantiness of receipts. The close  
was nervous 2 1/2 to 4 1/2 c net high-  
er, January \$1.34 1/2 to \$1.34 1/4  
and May \$1.32 1/2 to \$1.32 1/4. Oats  
finished 3/4 to 1 1/4 c up and pro-  
visions at gains of 10c to 65c.

—All of the railroads to bring  
in liberal supplies of corn did much  
to turn traders to the bull side.  
Arrivals today totalled only 110  
cars notwithstanding the weather  
has been favorable for almost a  
month and that special efforts  
have recently been made to give  
precedence to grain. Predictions  
of storms and of a cold wave ad-  
ded to the anxiety of buyers and  
made December shorts in particu-  
lar find the filling of contracts dif-  
ficult.

A further source of strength lay  
in continued demand by export-  
ers for oats, rye and wheat.  
—Export business on a heavy scale  
gave independent firmness to  
oats, despite profit-taking by longs.  
Provisions advanced in sympa-  
thy with grain and hogs. Im-  
mense receipts of hogs were ig-  
nored.

### BENNETT FUNERAL HELD AT MEREDOSIA

Last Rites for Mrs. Mary H. Bennett Took Place at M. E. Church—Mike Cody Leaves for Missouri City — Other Recent Happenings in Meredosia.

Meredosia, Dec. 20. — Mary Henderson, daughter of Clayborne and Betsy Henderson was born in Kansas, August 28, 1855 and died at her home in Meredosia, Ill., Dec. 25, 1919, aged 64 years, 2 months and 27 days. When she was but a child her parents came to Illinois, settling in Cass county where Miss Mary grew to womanhood.

On Aug. 12, 1872 she was united in marriage to Samuel Bennett and to this union were born four children, Mrs. Effie Ratigan of Meredosia, William Bennett of Alexander, Ill.; Mrs. Laura Nairn of Girard, Kans., and Gussie A. Bennett of Meredosia, who with their father are left to mourn the calling hence of mother and wife.

Mrs. Bennett also leaves one sister, Mrs. John Yeakel, one half-sister, Mrs. Walter Hyde, three brothers, John Henderson, of Ames, Okla.; Stephen, of Harris, Mo., and Samuel of Beardstown, and one half-brother, Isaac Bennett of Meredosia, a number of relatives and a host of friends.

Mrs. Bennett was a follower of Christ for a number of years. In 1894 she united with the Meredosia M. E. church of which society she has since been a member. Her trust was in the Christ and her faith was sure and the summons which came so suddenly found her ready to answer the call up higher. The funeral services took place at the Methodist church and were conducted by the pastor, Rev. Frank Reed. Suitable music was furnished by a quartet composed of Mrs. Will G. Looman, Mrs. Charles Weghoff, Bert Pond and J. A. Hildebrand. Interment took place in Oakland cemetery.

Mrs. Carrie Christianer entertained the following guests at Christmas dinner: Mrs. George Schonewise and daughters, Bernice and Edna of Petersburg; Mr. and Mrs. Henry Zahn of Arenzville; Mr. and Mrs. J. G. Berger and son Myron of Jacksonville; Mrs. Walter Pemberton and children and Miss Irma Hinners of Jacksonville; Henry Hinners and wife, Mr. and Mrs. George Unland and son Harold, and Mr. and Mrs. Royal Unland and family.

ited from Thursday until Sunday of last week with the former's mother, Mrs. Mary Cody. Mike Cody left Thursday evening for Neosho, Mo., where he has employment at the Government Hatchery.

Frank and Carl Skinner furnished the music for a dance at Camp Point, Friday.

Miss Frieda Jordan accompanied by her nieces, Marjorie and Virginia and nephews Elmer and Freddie Jordan came Christmas to visit relatives.

Miss Eleana Ballyard of Jacksonville is the guest of home folks during the holidays.

Delbert Price made a business trip to Quincy Saturday.

Mrs. J. A. Hilderbrand and daughter Evelyn left for St. Louis Saturday for a week's visit with relatives.

Ed Kormeyer arrived Thursday from Denver, Colo., for a visit with his father, John Kormeyer.

Misses Evelyn Hilderbrand and Alma Simpson spent Friday evening in Bluffs.

Mrs. John Moultray spent Sunday in Versailles, the guest of her brother, L. E. Webster and family.

Sam Henderson and wife of Beardstown were here Saturday to attend the funeral of Mrs. Samuel Bennett.

The Christmas entertainments at both the Lutheran and Methodist churches were largely attended. At the Lutheran church the program consisted of recitations, dialogues and songs by the Sunday school and children who took part showed careful training of their teachers. At the close of the usual program of recitations and songs at the Methodist church a beautiful scene was enacted, depicting the Mother and the Holy Babe in the Manger, the shepherds and the wise men and the Angel chorus.
